INTEGRATED SYSTEM THAT CONNECTS ALL ACTIVITIES IN YOUR HOTEL

Recognize and delight returning guests. With a unified platform and intelligent tools you can keep track of each customer's past interaction and preferences, from room requirements to favorite drinks at the bar and beyond, and use this knowledge to show your guests that you really know them, and care.

FIND

Follow the customer journey from the beginning. Learn how your customers find you, and aid their discovery process across search and booking engines.

BOOK

Offer secure reservations for your rooms and acilitieson your brand's website, on booking engines, through third party agents as well as on the hotel premises. Regonize returning guests, and prepare for their arrival.

ADD

Let your guests add extra services, from a bottle of champagne in the room to airport pickup, during and after booking. Keep track of upcoming tasks in the system's Role Center and make sure all resquests are met, every time.

CHECK IN

Check guests in quickly and smoothly. Recognize returning customers and make their experience memorable with personalized touches. Never ask again "have you stayed with us before?"

ENHANCE

From room service to wellness treatments, from tennis court rentals to dry cleaning, you can add extra services to a guest's bill any time during their stay, from any point of sale.

GET REWARD

Encourage guests to return with enticing loyalty programs. Use customer data to personalize rewards, and let your guests spend their points as they prefer.

CHECK OUT

Make the chekout process as quick and smooth as your customers demand. Let guests check out as they please-at the desk, online, via mobile.
