

LS RETAIL FOR PET STORE

MANAGE QUICKLY AND
CONVENIENTLY ITEMS, SERVICES,
EVENTS, BOOKINGS, AND
CUSTOMERS WITH A UNIFIED
COMMERCE SOFTWARE SOLUTION.

UNIFY

- **ALIGN ALL BUSINESS PROCESSES** and keep key information in your enterprise within one platform.
- **MANAGE ITEMS, PRICES, CAMPAIGNS, OFFERS, CUSTOMER LOYALTY** and more, in-person and online.
- **ACHIEVE A SINGLE VERSION OF THE TRUTH OF YOUR BUSINESS** and customers. Have all data in one place and access it from anywhere.

TAILORED FOR PET SUPPLIES AND ANIMAL FOOD RETAILERS

- Sell products and book services, from grooming and training to doggy day care, online and in store. And special-order pet supplies you don't have in store and offer different delivery options to customers.
- Keep track of customer preferences, information on their pets, and past purchases for all your stores, including the eCommerce.

OFFER THE BEST PET SHOP EXPERIENCE ONLINE AND IN STORE

- Give real-time product information, process orders, and finalize sales effortlessly with mobile POS throughout your store. Also, provide customers with access to stock availability online.
- Give customers the flexibility to purchase online and pick up, return, or exchange items in any store location.
- Reward your customers with personalized promotions and offers on products and pet services, or with exclusive sales. In addition, offer customers AI-driven upselling suggestions online and in person.

EASILY MANAGE A COMPLEX MIX

- Let the system help you forecast demand based on historical sales and trend projections.
- Maintain optimal stock levels across all stores through automated replenishment and distribution and provide real-time visibility into the exact quantities and current locations of each product.

FREE YOUR STAFF TO DO WHAT THEY DO BEST

- Manage inventory tasks fast and effectively on handheld devices.
- Train employees quickly on just one system which they can use for sales, bookings, and appointments.
- Reward your salespeople, trainers, or groomers accurately and on time with easy tracking of commissions.

SEAMLESS OFFER ADDITION

- Effortlessly expand your pet store chain with the system's seamless addition of services, products, and locations, ensuring compliance with country-specific regulations for a confident entry into new markets.
