Microsoft Dynamics NAV/Business Central On Prem: Annual License Enhancement Plan update

Microsoft recently announced that, as of the 1st of October, the annual enhancement plan of Perpetual or On Premises licenses will increase from 17% to 18% of the Protected Price List (PLP).

As usual, we will inform each one of our customers of the corresponding value, in advance, when the date for the annual renewal of the license enhancement plan approaches, keeping in mind that **all renewals with a date on or after 1 October will have the updated value to 18% of PLP.**

If you have any doubts or additional questions, just contact us through your usual contacts or sending an email to comercial@arquiconsult.com.

**We are the right partner for
the development of your
